

2025 Progreso Apoyo Higher Education Program

In July of 2025, **26 of our students** will graduate from high school and get ready to attend college, university or a technical institute. Their career goals include medicine, law, engineering, nursing, and more. Our **Higher Education Program** is a way for existing sponsors to continue supporting their students through college and for new sponsors to join our program to help a deserving student achieve their dreams. Here's how our program works:

1. During the first quarter 2025, Progreso Apoyo will inform a student's **existing sponsor** about their student's higher education plans and ask if their sponsor would like to commit a minimum of **\$5,000 MX per year** towards the cost of their student's higher education expenses.
2. If a sponsor is unable to continue to support their student through college, then we will recruit **new sponsors** to help deserving students continue their education by contributing a minimum of \$5,000 MX per year. 3. During the spring, we will work with each student to determine the actual cost of their higher education program. At that point, we will reach out to existing sponsors and new sponsors who have agreed to make the minimum contribution of **\$5,000 MX** to see if they are able to increase their annual payment. This may be an opportunity for sponsors to reach out to friends and family to help them increase their contribution.
3. Funds are due from the sponsors twice per year. The first payment will be due between June and August each year, and the second payment will be due in January the following year. The Progreso Apoyo Program will administer the funds donated by the sponsor and provide the scholarship payments to the students. We will provide sponsors with regular reports on their student's progress.

FOR THE 2025 COLLEGE YEAR, WE ALREADY KNOW THAT WE WILL NEED A MINIMUM OF FIVE NEW SPONSORS TO HELP OUR STUDENTS ATTEND COLLEGE. If you wish to join our program as a new **Higher Education Program Sponsor**, please send us an email at info@progresoapoyo.org or a WhatsApp message at +52-999-433-3851.

Thank you for your support!
